

# ETP Maps

A topographic map with green contour lines. A prominent green line, possibly a road or river, runs diagonally from the bottom left towards the bottom right. A jagged yellow line is visible in the upper left quadrant. Several elevation labels are scattered across the map: '4100 m' appears twice, '3900 m', '3950 m', '4000 m', '4050 m', and '50 m'.
